Created By	Dr.John
Start Date	11/06/2026, 11:00:00
End Date	11/06/2026, 20:00:00
Outcome	The intra-college cricket tournament was successfully executed as a key initiative to foster institutional cohesion and student engagement within the sports department. By facilitating competitive interaction among various departments, the event effectively promoted physical well-being, teamwork, and leadership development, which are essential components of a holistic academic environment. The high level of participation underscored the importance of extracurricular sports in enhancing student morale and strengthening the campus community, further validating the necessity of such physical education programming in our institutional curriculum. The financial execution of the tournament remained strictly aligned with the approved fiscal plan, with the total expenditure reaching exactly the ₹10,000 budget allocation. No variance occurred between the planned budget and actual costs, demonstrating disciplined resource management and precise procurement oversight. This adherence to budgetary constraints reflects high administrative efficiency, confirming that the tournament was delivered in a fiscally

responsible manner that maximized available resources without compromising event quality.

Event Summary
